Building on traded lot angers local cottagers

Property owners on Soyers Lake are not pleased with a land trade deal made by the municipality of Anson, Hindon and Minden last year. Letters of objection from several property owners and the president of the Soyers Lake Property Owners Association, Lew McCorriston, have been sent to the council to register their concern with the situation.

A member of that association, Mr. Vankoughnet, attended on June 28 to the meeting of council to personally voice his objections. He described the council's actions in agreeing to the trade as an injustice and suggested the council had completely ignored the wishes of property owners on the lake.

The controversy surrounding the property dates back to June 1983. At that time a council negotiating committee agreed to trade two municipally owned lake front lots, one on Mountain Lake and one on Soyers Lake, plus a quantity of cash, for the Welch property on Minden's Main Street.

When the trade with the owner of the Welch property, Gary Vasey, was concluded, the municipality was in the process of rewriting its zoning bylaw and the land on Soyers Lake

would have come under a new zoning which would permit the construction of a cottage.

However, before the zoning bylaw was finally approved, the municipality undertook to develop an official plan for the three townships. The rewriting of the zoning bylaw was put on hold and eventually abandoned. The old bylaw was once again in force and the Soyers Lake property zoning reverted to its former designation of open space, the designation of parkland.

Earlier this year a representative of Mr. Vasey appeared before council requesting that the land be made available for cottage construction because at the time of the trade, the land in question could have been used for that purpose (under the proposed new zoning bylaw). The council agreed with the petition and passed a resolution May 24 which stated: "Whereas bylaw 82-11 was passed by council on April 8, 1982; and whereas Block A on plan 561 was zoned Residential 3 according to said bylaw 82-11; and whereas bylaw 83-14 was passed by council on the 9th day of June 1983 conveying said Block A to Gary F. Vasey Limited; and whereas bylaw 83-15 was passed by council on the

26th day of July, 1983 rescinding bylaw 82-11; Now therefore be it resolved that it is council's intent for Block A on Plan 561 to be zoned for residential use and hereby authorizes a building permit to be issued to construct a cottage thereon, subject to compliance with bylaw 14-67 with respect to setbacks only."

Since that resolution was passed, the municipality has apparently received a number of letters regarding the issue, culminating with the appearance before council last Thursday of Mr. Vankoughnet.

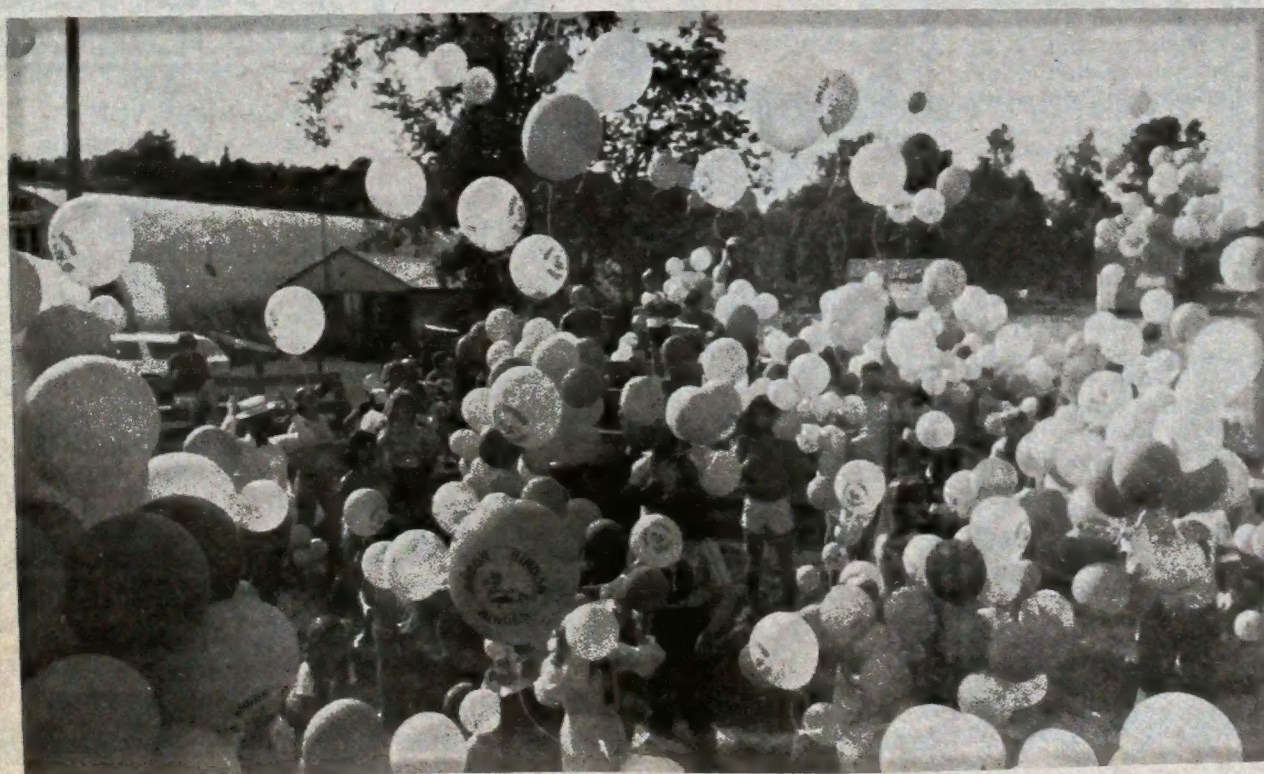

A letter from Lew McCorriston of the Soyers Lake Association said the council had shown complete disregard for the people in the area by disposing of the lot without contacting the property owners in the vicinity. His letter said that for a building permit to be issued, the conditions of bylaw 14-67 (the zoning bylaw now in force) had to be met, and that it wasn't. He suggested that any further action on the property be placed "on hold" until the legality of the situation be established.

Mr. Vankoughnet expressed a number of concerns. He noted that Mr.

(more on page 7)

Eleven year old Lisa Neidrauer receives a congratulatory hug from her grandmother Barbara Williams after winning the Grass Lake Swim. She completed the mile long swim in 29 minutes. The event was one of many held during West Guilford's Canada Day celebrations.

County marks Canada Day

Canada Day was a fun day in Haliburton County. Two celebrations marked the 117th birthday of our nation in Minden. The launching of 3000 helium filled balloons climaxed a day of fun and frolic in the afternoon sun. Many of the balloons carried tags signed by youngsters attending the festivities. A prize will be given for the tag that travels the farthest and is returned to the community by next month. The photo on the left captures the moment when the youngsters released the colourful airborne messengers. For more photos on the day's activities see pages 10 and 11. A similar birthday party took place in West Guilford with races, contests and activities for the entire family. The day was capped with a colourful display of fireworks. For more photographs of the West Guilford celebration see page 13.

Other Mindens

Minden, Nebraska, U.S.A.

The last Monday of May is set aside each year as an American holiday known as Memorial Day. It is a day for remembering and paying tribute to all who have died in our nation's wars.

There are memorial services held in cemeteries and various veterans organizations place flags on the graves of those who have served in the armed services.

Memorial Day used to be called Decoration Day because it was the time when everyone placed flowers at gravesites and then it was always on May 30th, regardless of the day of the week involved. A few years ago it was decided to create a three-day weekend by scheduling Memorial Day on the last Monday of May.

As yet, no one has devised a way to change our 4th of July celebration to a moveable date in order to have a long weekend, but the growing tendency to refer to it as Independence Day is probably a step in that direction.

Here in Minden, Memorial Day has another tradition that sets it apart from the way the rest of the country observes the day. In addition to the patriotic services at local cemeteries, it is also a time for school reunions and alumni banquets.

It is a time for former Minden residents to return and join with classmates of years past to reminisce about school days. So Memorial Day is truly a time for remembering in Minden.

Only two weeks later we celebrated Ethnic Days over the weekend of June 7 - 10. This is a yearly event sponsored by the Danish Brotherhood Lodge #16 which is also observing their 100th anniversary this year.

Several years ago this annual event was begun as Danish Days but has since been expanded to include all ethnic groups. The weekend activities started with an ice cream social on the court house lawn with entertainment by a women's barbershop chorus.

Saturday's program was held at the Kearney County Fairgrounds building with such things as a cake walk, and the crowning of Danish Kings and Queens. Musical entertainment included a string band, a bottle band, a Czech duet and an accordionist.

Several ethnic groups were represented by the Minden Danish Folk Dancers, the Stromsburg Swedish Dancers, the Kronberg Danish Dancers and the Hastings Indian Dancers.

Throughout the day there were craft and ethnic booths for the visitors, as well as an abundance of authentic Danish food.

Sunday began with a Danish church service, followed by a luncheon. An afternoon of family fun saw activities such as races, contests and games, 50 yard dash, sack races, 3 legged race, yard darts, horseshoes, shoe kick and a card tournament.

Running simultaneously with these games were the finals of the men's slow pitch softball tournament which actually began the previous Thursday. So, it was a busy weekend in Minden and a fitting 100th birthday celebration for the Minden Danish Brotherhood Lodge.

June is also the time of year when we think about tornadoes here on the great plains. It is not uncommon for evening television programs to be interrupted by the "beep" which precedes a weather warning announcement.

Frequent rain in May delayed the planting of crops and other field work but it looks now like our area farmers have the situation well in hand.

There has already been a preview of the coming summer with a few very warm days and needless to say, the lawns (and dandelions) are growing at a terrific rate of speed.

The local swimming pool opened June 8, a bit later than usual due to cool weather. The water had been put in the pool but there were so few really sunny, hot days, that the water did not warm up very fast.

High School graduation was May 20. The rest of the underclassmen had to go to school a few days later than usual because they missed so many days of school due to our abundance of snow storms over the past winter. But winter is behind us now and we look forward to the busy summer season ahead.

Editor's Note: The letter from Hilde Lange arrived with the preceding column.

Dear Jack:

From the time I started to read The Minden Times in preparation for our exchange of articles, I kept feeling that if I had never been in Minden, Ontario I had certainly been close to it because when I was a young gal living in Ohio, "The" place to vacation was Canada and

many of our friends went to your area every summer.

I especially recalled several summer vacations with friends at a place called Deer Bay. I kept recalling names like Buckhorn Lake, Lovesick Locks, Bobcaygeon and for some reason I remembered being in the town of Haliburton. I do know for sure that I was very impressed by the lift locks at Peterborough.

Now please understand that this was around 1955 and memory has a way of playing tricks on us after such a long time, so I wrote to my friends in Ohio, explaining my new interest in Canada and asking them if they could tell me if I had ever been in Minden. At the time, the name of Minden would have meant nothing to me as I had never heard of Minden, Nebraska then.

Yesterday, I received a letter from another Ohio friend who owned a cabin they called Buckeye Lodge at Orillia back in the '50's and '60's. She had been sorting through some old letters and came upon a post card I had sent her in 1956 stating that we had gone shopping in Minden that day. So now I know for sure, that which I had suspected for some time. I have been in your Minden.

That makes me feel even closer to our friends in our sister city and makes me more determined to revisit your town some time.

Hilde Lange

Hockey group plans blitz

The Minden Minor Hockey Association has undertaken a major fund raising effort to benefit the installation of plexi-glass at the local arena. Approval for the activity and financing was given at the June 28 meeting of the Anson, Hindon and Minden municipal council.

According to Mike Barnes and Joe Gentle, Minor Hockey representatives who outlined the program, the group plans to sell buttons promoting the province's bicentennial and the municipality of Anson, Hindon and Minden. Mr. Gentle told the meeting that all the proceeds from the sale of the buttons would be turned over to the arena plexi-glass fund.

He noted that the estimated cost for enclosing the ice surface at the arena with plexi-glass now stands at \$20,000 to \$25,000. "The price is increasing each year," he added. The group has applied to Wintario for support of the effort but the application has been rejected.

According to the spokesman, there have been two incidents recently in which spectators were struck by a stray puck. These incidents have resulted in legal action. "Everyone who uses the arena will benefit from the installation of the plexi-glass," he told the meeting.

The 2500 buttons, which bear the provincial bicentennial crest and a space in the centre for a local message, will be sold for \$1.

The spokesman asked council to supply the necessary funds to purchase the buttons.

Reeve Lyle McKnight said the council should endorse the activity of the organization. "They're working for the benefit of

the entire community," he said.

"There is no question the plexi-glass is needed. It is good to see minor hockey taking the initiative in this case."

Deputy Reeve Ed Pergolas suggested that if the municipality provided the "seed money" to purchase the buttons in the first place, that once the cost of the buttons had been realized, the money could be returned to the township to be held to help finance other projects which would add to the plexi-glass fund.

The other members of council agreed with this approach and endorsed a resolution which would advance \$750 for the purchase of the buttons by the minor hockey association.

June weather

by Phil Graham

	C	F
Average high	23.7	74.6
Average low	8.8	47.8
Average for the month	16.2	61.1
Average for June 1983	16.4	61.5
Highest temperature (June 6)	30	86
Lowest temperature (June 2)	0	32
Rainfall	112.8 mm	4.4 in.
Days with thunderstorms	3	
Days sunny or mostly sunny	15	
Days with rain	8

The first series of 50 Heritage Awards were presented Sunday at the Canada Day celebrations in Minden. Lyle McKnight, Percy Brintnell and Peter Dollo were honoured as they are charter members of the two local service clubs. Also receiving a certificate but not in attendance was Eldon Deacon. On hand to witness the presentation were past Rotary president Bill Obee, this year's Rotary president Paul Sisson and Kinsmen president Doug Ripley. The municipality will be awarding more certificates during this, their 125th anniversary year.

Gallery request upsets budget

A request from the Agnes Jamieson Gallery for access to unspent funds from their 1983 budget has been rejected by the Anson, Hindon and Minden council. The matter was raised at the June 28 meeting after a letter from the gallery committee was read.

According to the letter, \$2803 was left unspent from the 1983 budget. This money had been earmarked for the purchase of a typewriter for the gallery. During the year they were unable to obtain a suitable model and so the money went unspent.

The group has now found a suitable machine for their office but the 1984 budget has not made provisions for the \$1800 purchase.

According to the letter, the committee had accepted "a word of mouth promise" that they would be able to make the purchase this year.

The gallery committee council representative Councillor Gary Kenney asked if the money had been held over from last year. Deputy Reeve Ed Pergolas said that the money had not

been held and that it was not the council's policy to allow surpluses from one year to be carried forward to the next.

Kenney said he was under the understanding that the funds would be made available to the committee, especially since the process of purchasing the piece of equipment had been started in 1983.

Pergolas responded, "I suggest they take it out of this year's budget and if it creates a deficit, we'll have to take a look at it."

Reeve Lyle McKnight suggested that funds might be available from other municipal budgets to cover the purchase of the typewriter.

Pergolas added that the elimination of any surpluses at the end of each year was an accounting procedure rather than a directive from the council.

"As long as the gallery committee knows in principle that the purchase will not hurt this year's budget, they will proceed with the purchase."

A tangled web

It certainly is a tangled web left behind by the Anson, Hindon and Minden council following the trade of properties to obtain rights to the Welch property on Minden's Main Street. What started out as a seemingly straightforward, though perhaps unreal arrangement, has returned to haunt the council.

There are some basic issues at stake in the situation as it now stands. Foremost among these is whether the council can legally or morally ignore the provisions of its own zoning bylaw in allowing construction to take place on land which is not zoned properly. That is what the council did in May this year when it acceded to a request to allow construction on a plot of land fronting Soyers Lake.

There is no doubt the council was fulfilling its end of the bargain when the deal was first struck back in 1983. The council was morally obligated to deliver what it had promised in the land swap deal.

On the other hand the motion passed at the May meeting appears to contravene the proper procedure as dictated by Ontario municipal regulations. The motion endorsed by the council on that day was in fact an act of rezoning and according to provincial statutes certain procedures must be followed before a zoning change can be instituted.

Whatever the council decides to do now, it is certain that one or more parties to the dispute will not be pleased with the outcome. And, there is a good chance that those who feel cheated by the council's actions will take the issue to a higher court for resolution, creating only more hard feelings.

If there is a lesson in this, it is that greater care is needed when the municipality buys and sells property. It may not always be possible to foresee all the consequences, but greater efforts will have to be made if confrontations brewing over this transaction are to be avoided.

Colourful pioneer costumes were everywhere Saturday morning as Kinmount and area residents marked the opening of their refurbished train station.

jack's world

by editor & publisher Jack Brezina

They say that gardening is therapeutic. (I should note right off the bat, that the source quoted above is the same one which everyone turns to for the weather, as in "They say it's going to rain" and in matters of the heart, "They say that falling in love is wonderful," among others. So it might be wise to apply a certain degree of scepticism to anything ascribed to the source quoted in my opening sentence, which in a rather circumlocutory way brings us back to the point at hand, gardening.)

I must admit that I subscribe to the therapeutic theory of gardening. Certainly anyone who has wrestled with a bucking garden tiller or attempted to find a dirt free part of a hand to swat a mosquito so as not to leave a muddy (as well as bloody) imprint where the insect has chosen to dine, will attest to the physically demanding nature of gardening. It's a matter of stoop, bend, squat, dig, wheel (as in barrow) rake, shake, stake, row, hoe and sow. All activities guaranteed to quicken a heart, bring beads of perspiration to the brow and leave the gardener with a legacy of aching muscles for several days after a major assault on the vegetable patch and flower beds.

The physical benefits of gardening have been well documented, I should imagine. Less well recorded, however, is the emotional and psychological returns gardeners earn by tilling the soil.

There is a certain satisfaction one gains from placing tiny seeds in the soil and seeing them, in due time, respond to the care and attention lavished on them. The act of planting a garden entails a wide range of emotions, hope, anticipation, frustration and elation. Taking an active part in the regeneration of a plant gives the gardener a sense of accomplishment, not only in having produced something but, in the case of vegetables, having provided food for his own table. The act, more symbolic than anything else, links a gardener with hundreds of generations many of whom had to

rely on their knowledge and skill in cultivation to ensure an adequate supply of food.

Heavy stuff this, so let's lighten the dissertation with some comments on murder.

Gardeners are generally gentle folk, I mean you can't transplant tomato seedlings with the same abandon you'd bring to changing a flat tire. Plants are, in the main, fragile objects on which must be lavished all sorts of attention. Watering, fertilizing, soil aeration - all must be done in turn to ensure the success of your horticultural efforts. But, alas, nature can be a fickle old girl, for the same attention and care given to those tiny vegetable and flower plants also benefits, by association, seeds of weeds lurking just under the soil. As the gardener nurtures the plants he wishes to prosper, the interloper prospers as well and soon, as all those with brown stained knees and dirt under the fingernails know, the weeds have gained a commanding foothold on what was expected to be lush rolling furrows of colourful blooms or succulent vegetables.

It is at this point that the gentle nature of the gardener evaporates and the "Jack the Ripper" personality emerges. Unwanted weeds are brutally ripped from their place in the soil, their limp bodies thrown in a heap to wilt in the sun or to be wheeled off to some distant corner of the yard. No mercy here, no compassionate second chance awaits these intruders. Their fate is signed, sealed and they are delivered into oblivion.

This past weekend I had an opportunity to participate in such mayhem. My ample vegetable effort had suffered several weeks of neglect. The weeds had gained an upper hand to the point where it was becoming difficult to ascertain where the intended harvest had been planted. In particular the open space between the vegetable rows had become choked with plantain, lamb's quarters and other unwanted verdant growth. The situation called for drastic measures.

Calling in the heavy artillery, I brought the gardener's ultimate weeder into play. With a deafening roar, the tiller announced its arrival on the battlefield. The silver tines glistening in the sun, the blades slashed into the tangle of weeds, the soil churned brown as I pressed the attack. Up one row,

SECOND CLASS MAIL REGISTRATION NO. 0936

ATC racing attracts enthusiastic crowd

ATC racing is coming of age in the Highlands.

The first race of the Highlands Cup held on Saturday June 30 at the all terrain vehicle race track at the Minden arena, attracted nearly thirty competitors from Ottawa, Eganville, Hamilton and Toronto as well as two excellent drivers from Minden, Steven Stewart and Jeff Howe.

Drivers competed in nine classes driving machines with displacements 70cc to 300 cc.

Due to the large number of entrants the drivers competed in qualifying rounds. The top drivers in the qualifying races then competed against each other to determine the overall winners in each class.

The youngest competitor, Jason Chatswood, aged 6, placed third in his class driving a 70 cc machine.

Jeff Howe placed second in his two classes. His aggressive driving style produced some of the most exciting racing action of the afternoon.

Steven Stewart dominated the 250 cc Modified and Open Modified classes pulling ahead of the pack at the start of each race and driving hard to the finish.

Competition was most intense in the modified classes because many drivers who have gained experience on stock machines have begun modifying their engines, chassis and tires to increase horsepower and improve handling.

The competitors were awarded cash prizes and points which will count towards the Highlands Cup.

There will be two more races in the series on August 4 and September 1.

The following is a list of

the winners in order of finishing in each class:

- 0-125 cc Non Suspended Stock (NSS): Doug Zadow, Dave Zadow, Jason Chatswood.

- 125 NSS: Doug Zadow, Mike Kuno, Dave Zadow.

- 200 225 cc Suspended Stock: Mike Kuno, Jeff Howe, John Chatswood.

- 250 cc Suspended Stock: Doug Zadow, Brian Macfarlane, Rick Lewis.

- 0-125 cc Modified: Mike Kuno, Keith Robinson, Doug Zadow.

- 125-200 cc Modified: Allan Bruce, Jeff Howe, Jim Bogart.

- 250 cc Modified: Steven Stewart, Brian Macfarlane, Doug Zadow.

- Open Modified: Steven Stewart, Brian Macfarlane, Scott Denham.

- Powder Puff: Cindy Seymour, Carol Chatswood, Julie Chatswood.

The Highlands Cup ATC races held on the weekend provided plenty of high speed action at the all-terrain track beside the Minden Arena. Steven Stewart, shown above, demonstrates his daring style on his way to a first place finish. Left, competition was intense, particularly on the corners, as the drivers jockeyed for position. In spite of the high speeds attained by the racers, there were few accidents and no one was seriously injured.

The garden battle

(from page 4)

down another, gingerly skirting the tender vegetable plants, I routed the weeds from their beach head, turning them into so much fodder and chaff.

The aisles are clear now, the rows of young vegetables still need the personal attention that only hand-to-weed combat can offer, but things are a little more under control and I can now see where the vegetables are and where they aren't.

Fresh from the battle I can now gaze on the brown earth banking my rows and revel in the completeness of the weed's banishment.

The only disturbing thought is that those tenacious interlopers have probably already started an underground subversive action and will return shortly to infest the garden. But then, that has been the gardener's lot ever since the first seed was planted, so they say.

New tractor lacks PTO option

Councillor Gary Kenney has asked to have his dissatisfaction with the purchase of a new tractor/backhoe registered in the minutes of the June 28 meeting of the Anson, Hindon and Minden council. The councillor has objected to the purchase from the start of discussions about the machine and voted against it when it was finally approved by a split vote.

The reason for the councillor's most recent comment was the fact that the new machine is apparently not equipped

with a power take off option. That situation came to light when the council called for tenders to sell the old tractor.

Before the tenders were opened Thursday evening it was revealed that the grass cutting bar, which had been used with the old tractor, could not be operated from the new one due to a lack of PTO option.

"Suddenly the original criteria for the purchase of the tractor/backhoe is going down the drain," Kenney commented upon learning the cutter attachment could not be used with it.

Deputy Reeve Ed Pergolas commented that before the purchase had been made he had been advised that the cutter could be used with the tractor.

Councillor Pat Burk suggested the council needed more information on the status of the new machine before the old one was sold.

The council agreed to delay a decision on the tenders until the next week, pending more information on what equipment can and cannot be used with the new machine.

PLAY IT SAFE!
Enrol the whole family in a rescue breathing course through your local Red Cross Branch.
The Canadian Red Cross Society

from the chamber

Herbert Shorter of 55 Oriole Court, Oshawa has presented the Haliburton Highlands Chamber of Commerce with two mounted fish that his father Herb Shorter caught in Gull River in 1973.

The fish are beautifully mounted and can be seen at the Chamber office together with a picture of Mr. Shorter proudly displaying his catch. "Years of fishing know-how amassed over seven decades helped put these Gull River beauties in the creel of Herb Shorter of Minden" reads the caption. A three pound Rainbow and a 3 1/2 pound Speckled Trout were taken with wet flies, and were the 1973 record for Gull River.

Mr. Shorter was 76 when he caught the fish. He died on December 22, 1983. He had lived in Minden since his retirement from an Ontario Government job when he was 65.

We understand Mrs. Shorter is living at the Hyland Crest Home for Seniors in Minden. We would like to express our thanks to Mrs. Shorter and & Mr. Shorter Jr. for sharing this part of their family history with us. The display will look great at the Sportsmens Show.

Country Good Times

Country Good Times and Monmouth's First Annual Agricultural Fair, will be held on July 13, 14 15 in Wilberforce. It looks like a really exciting program featuring a beauty contest, horse show, parade, amateur contests, Country Good Times Ball, pancake breakfast and a dog show. Looks like they have something for everyone.

Did you know?

by Bambi Gilder

Did you know ... that our office has a booklet which lists many non-alcoholic beverages?

At times hosts and hostesses who are considerate of their guests in other ways may not think to offer something special for non-drinkers, for the growing number of health food fans who seldom touch alcohol, for dieters, for light drinkers, for the young or for those who simply wish to take it easy over a long evening.

No one really expects drinking to disappear. After all, the pleasant social custom of having a drink with friends has been around for a long time.

What everyone would like to see disappear is over-drinking. Those who just don't feel like a drink or

Sale
Agnes Jamieson Gallery has a Garrummage sale on July 7, from 10-4. They are also featuring water colours by Janet McGhee from June 28th to July 28th. Gallery hours are 10 a.m. to 5 p.m.

Show
The Rails End Gallery in Haliburton will be featuring the Faculty Show July 1-31. This is an exhibition of Fine Arts and Crafts by the Faculty of the Haliburton Highlands School of Fine Arts. It includes paintings, drawings, weaving, glass-blowing, leather, ceramics, quilts and basketry. For more information call Heather (705) 457-2330.

Exhibition
The Annual Summer Exhibition and Sale at the Haliburton Highlands Senior Elementary School held by the Haliburton Highlands Guild of Fine Arts will take place from July 7 - 16. It features displays of arts & crafts from both local and nationally known craft personalities.

Races
The 1984 Ontario Provincial Marathon Canoe and Kayak Racing Championships will be held on Saturday, July 7 and Sunday, July 8, on the Gull River and Gull Lake at Minden. The race headquarters during the weekend will be located at the Minden Wild Water Preserve, north north-east of Minden, 6 km off Highway 35 on Horseshoe Lake Road No. 1. Start and finish of all races are located in Rotary Park on the Gull River just north of Minden. These

those who know when to say when will appreciate the thinking partygiver who offers imaginative alternatives.

In the booklet entitled "Great Entertainers" there lists a wide range of non-alcoholic drinks - some dry and light, some sweet and fruity, some rich and milky, but all very tempting and satisfying.

To obtain this free publication along with many other bits of interesting information, why not drop in or give us a call at 457-2733. Your County Information Centre is located in the Drag River Municipal Building (across from Emerson Lumber) in Haliburton and we are open Monday through Friday, from 10 a.m. to 4 p.m.

And remember, you will never know the answer, until you ask the question.

Minden's County Town Museum was officially opened Saturday afternoon by Reeve Lyle McKnight. The ribbon cutting capped a busy year of preparation by the museum committee and also marked the opening of an interesting display of pioneer logging tools prepared by Ron Pittaway of the Ministry of Natural Resources. Many of the items included in the display were generously loaned to the museum by area residents.

championships are organized by the Ontario Marathon Canoe Racing Association (O.M.C.R.A.) Contact Paul Burns (705) 324-6691.

The Ontario Marathon Canoe Racing Association (O.M.C.R.A.) was founded in 1974 - 75. A small, enthusiastic group of paddlers got together and created the Association so existing races could be better co-ordinated and developed. The sport required both promoting and standardized rules for competitions.

As the '70's drew to a close it was obvious that canoe specifications needed to be examined and canoes reclassified. Within O.M.C.R.A. there are in excess of thirty sanctioned races catering to both sexes, people of varying abilities, and the different age groups.

Each year O.M.C.R.A. sanctions the Ontario Provincial Championship which has been and continues to be a two day event. Every third year the Provincials are replaced by O.M.C.R.A.'s involvement in the Ontario Summer Games.

Since their inception in 1980 Ontario has competed in the Canadian Marathon Canoe and Kayak National Championships which are held in a different province each year.

The 1980's have brought on new developments in the Association. New classes and canoes have been integrated, such as the C1 (Solo Canoe), the International Canoe Federation's Kayak (I.C.F.), and the Masters Class.

O.M.C.R.A. appears to have survived the growing pains typical of a young sport and now plays a significant role in competitive canoeing in Ontario.

Hillclimb

July 8 Wilberforce has the Canadian National Motorcycle Hill Climb Championship at Bill's Hills in Wilberforce. The nitro burning high powered bikes attempt to climb 'Mount Williams'

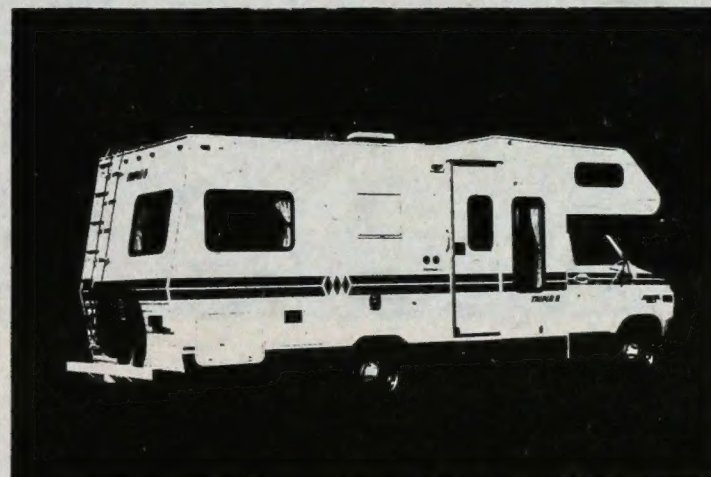

created by Canada's John Williams. For more information call (705) 448-2924.

Air Show

See the Stanhope Airport Fly-In and Air Show on July 8 at Airport Road off Highway

118 near Maple Lake. The show begins at 11:30 a.m. with a barbeque at noon. Model Airplanes, rides and air displays. For more information call Gerald Bain at (705) 489-2379.

Artists records the province's old buildings

The exhibition of paintings by Janet McGhee currently being shown at the Agnes Jamieson Gallery is a visual documentation of cycles and change.

The paintings of flowers capture the plants at the peak of their growth cycle. The landscapes show the artists impression of the changes in the seasons. The paintings of old homes and buildings detail the changes in architectural styles and the effects of time.

The artist spoke of the importance of preserving the memory of those turn of the century buildings during the opening of her show on Thursday evening.

Some of the buildings that she has painted are no longer standing. She mentioned one building in particular, a railway station in Claremont, that was destroyed. "It was very ironical," she said, "within days after I painted the station it burned down."

The paintings of the old homes and farmhouses that are on display at the gallery

will last far longer than the actual buildings. The pigments that the artist uses in her water colours will in her words "last forever".

During her fifteen year career Janet has gained considerable knowledge about painting materials and their characteristics. She first began studying water colours at the Haliburton Highlands School of Fine Arts. Although she had been interested in art since her childhood she waited until her children had grown before beginning her studies. Her first teacher in Haliburton was Gordon Peters, who she credits with having offered a lot of help and encouragement.

Since her first workshop in 1969 Janet has studied with many artists in Canada and the United States and has travelled extensively through southern Ontario, the maritime provinces and the New England states painting landscapes, villages and buildings.

Travelling in a camper van, Janet looks for quiet

Janet McGhee poses beside one of her many paintings now on exhibit at the Agnes Jamieson Gallery in Minden. The exhibition continues until July 25.

out of the way places where she can "spend time doing pencil sketches free from any distractions."

Although some of her paintings are done entirely on location, most of her works are completed in the studio, working from sketches, notes and memory. She also creates imaginary landscapes by combining several different scenes.

Janet emphasized the importance of knowing what materials and colours to use and understanding how those colours will react with each other. The technique she uses involves soaking part or all of the paper in water then applying the paints with brushes or sponges. The result is a flowing and blending of colours that make up the sub-

dued backgrounds. After the paper has dried the rest of the painting is completed.

Janet is more than willing to share her artistic knowledge. She teaches art classes at Durham College near her home in Oshawa and will be at the Agnes Jamieson Gallery on Saturday, July 28 to conduct a workshop on water colour techniques.

Mowing your lawn is a lot cheaper than joining a health club.

PARTICIPACTION

Soyers Lake objections

(from page 1)

Vasey has since sold the property to a third party and that construction has begun on the property. He told the meeting that his son had purchased the lot next to the property in question and when he made the purchase he was informed that the land next to his was zoned open space and would likely remain that way. Because of this situation, he had constructed his own cottage close to that end of the property, but now he finds a new cottage is being built very close to his own.

Vankoughnet also noted that the property had been zoned as open space to allow access to the lake for four backlots created when a subdivision was approved for the area. By trading away this lot and then allowing someone to build on it, the council had effectively cut off access for those backlots. Responding to a suggestion that a nearby road allowance provided access to the lake for those lots, he said "You would need to be a mountain goat to use that route to reach the lake."

The spokesman said his son had attempted to purchase the property from Mr. Vasey but that several attempts to conclude a deal had fallen through. He told the meeting that his son

would have purchased the property if it had been offered publicly by the municipality in the first place, just to protect his own interest and to continue the access for the back lots.

Vankoughnet asked the council to impose a stop work order on the construction which is currently underway. He noted that the 71 foot lake frontage, which the lot has, does not meet the specifications of the municipality's zoning by law (14-67). He described the situation as a "raw deal" for the owner of the backlots.

He asked the council how a building permit could be issued for a lot which does not conform to the township's zoning bylaw. "How can you allow a building permit to be granted for a 71 foot lot when other people are required to have a 100 foot lot?" he asked. "There is an injustice here."

Deputy Reeve Ed. Pergolas suggested that the permit could be issued under the proposed zoning bylaw, which is now in limbo, and under the terms of the municipality's proposed official plan.

The new zoning bylaw would have permitted the frontage requirement to be taken from the municipal road instead of the lakefront.

Vankoughnet said the council had a moral obligation to abide by the regulations of the zoning bylaw now in force. He indicated that his son and the lake association would be pursuing the matter if they could not obtain satisfaction from the council. "I just don't know how the council can jump from one bylaw to another," Vankoughnet stated.

The objector said the new lot had not been surveyed before the work began. He questioned whether the setbacks were being adhered to and to the legality of a septic system which had been installed to service the new structure.

Councillor Gary Kenney said he felt the council had acted within its rights in not placing the lot up for public sale. "There was no legal obligation for us to publicly tender the lot," he commented. He said the legality of the situation had been looked into by the

negotiating committee, the reeve and the deputy reeve, prior to the exchange being approved by the full council.

Reeve Lyle McKnight suggested that council should seek further legal advice on the situation. "If we are doing something wrong, we'll have to try and correct it," he told the council.

Cornerstone laid at new complex

In a brief ceremony held during a lull in a rainstorm, a cornerstone was laid in place at the Staunworth Court Senior Citizens Complex on Wednesday, June 27.

Ed Pergolas, Deputy Reeve of the Municipalities of Anson, Hindon and Minden, and Chairman of the Staunworth Non-Profit Housing Authority, and Tom Morrison, a representative of the Central Mortgage and Housing Corporation (C.M.H.C.) conducted the ceremonial laying of the cornerstone.

Due to the inclement weather, the program was completed in the Minden Community Centre.

During his address to the assembly, Pergolas described the construction of the 22 unit complex as "the culmination of a lot of months of frustration, hard work and the cooperation of three municipalities."

The Housing Authority is comprised of representatives from the municipalities of Stanhope, Anson, Hindon and Minden and Lutterworth. Anson, Hindon and Minden Reeve Lyle McKnight, a director of the Housing Authority, also commented on the high level of cooperation between the representatives of the municipalities. "We have had many meetings and we have never had an argu-

ment," he said.

Construction of the facility is proceeding on schedule according to Ed Pergolas. "We are on target and hopefully will be able to move in the residents by October 1."

Letters of congratulations were read from Romeo LeBlanc, the federal minister responsible for the C.M.H.C. and Claude Bennett, the Minister of Municipal Affairs and Housing (M.M.A.H.)

The C.M.H.C. provided the initial financing for the project and will continue to provide an annual subsidy of \$83,268 for 35 years. M.M.A.H. will administer the program.

V. W. Kuchar, the architect of the complex noted that this region is fortunate in having the building constructed. He pointed out that because of government restraint programs, the amount of construction of such facilities is limited. In the province of Ontario there are only 922 total units being built this year. "No matter how big or how small the building is, it is important," he said.

The ceremony concluded with the presentation of a Canadian flag by Tom Morrison to Ed Pergolas. The flag will be placed on the grounds of Staunworth Court at the completion of construction.

Project superintendent Paul Zabor and Ed Pergolas, chairman of the Staunworth Non-Profit Housing Authority, place the cornerstone of the new senior citizens' Staunworth Court housing complex. Also present for the ceremony were Minden resident Roy Windover and Om Arora representative of Arosan Contractors.

Kinette Corner

by Cathy King

At their last general meeting before summer the Minden Kinettes enjoyed a casual pot luck supper hosted by Kinette Chris Dollo.

Recently Kinsmen, Kinettes and K-40 attended a joint installation at the Wagon Wheel, and the executive officers for 1984-84 were installed.

Following installation, awards were presented. Congratulations to: Norma Amyotte - Kinette of Year; Yvonne Nye - Kinette with most service hours; Don

Cubbridge - Kinsmen of the Year.

Presidents Doug and Sue Ripley were presented with gifts in appreciation of their past year.

Members of Kin and friends of Don and Joanne Cubbridge join in wishing them the best in their new home in Parry Sound and we hope they'll come back and visit us.

Well, that's all until the fall. Special thanks to the Minden Times for allowing us to share our news with the community. Hope everyone has a happy summer holiday!

Tara Davies is set to connect during Monday night's ladies softball game between Minden Juniors and West Guilford at the Minden ball diamond. An eighth inning 16 run rally resulted in a 37-16 victory for West Guilford.

Seniors defeat Guilford 11-6

The Minden Seniors captured an 11-6 win Tuesday evening (June 26) over West Guilford in the Haliburton County Ladies Softball League game. The game was played in West Guilford.

This was the first loss for Guilford this season. The upset came in the fourth inning when the Seniors, with two players out, scored five runs.

Barbara Winn was four for four at the plate for the

winners. Jane Symonds and Liz Baker each turned in 3-5 performances for the winning team.

Anne Hewson was the winning pitcher while Joan McKay took the loss.

The Minden Seniors extended their winning streak Wednesday night with a 27-9 win over Wilberforce. It was the eighth straight win for Minden. The team now has a record of ten wins and two losses.

Canoe, kayak racers challenge Gull River

The fastest canoe and kayak racers in Ontario will be taking part this weekend in the Ontario Provincial Championships in Minden.

Organized by the Ontario Marathon Canoe Racing Association, this is the first time the event will be held in Minden.

The races will start at Rotary Park and continue for varying distances of 20 and 32 kilometres downstream to Gull Lake, following a course in the lake then back upstream to Rotary Park for the finish. During the races, those taking part will be required to take part in portages. While the paddlers will not be covering traditional portage paths between two bodies of water, the organizers will have laid out a number of points where they must carry their canoes over certain distances to simulate the portage effort. The organizers hope to

have up to forty boats taking part in the event with a number of different classes being represented. Saturday's races will be for mixed teams, while Sunday the racers will compete in separate categories.

According to one spokesman for the organizing group, the races are being held here because of the new facilities at the Minden Wild Water Preserve. Presentation of awards and a social time will be held at the new training centre at the Preserve.

Winners of the events will be named Provincial Champions and will attend the National Championships to be held later this summer in New Brunswick.

The races start Saturday morning at 11 a.m. and 9:30 a.m. on Sunday. Those wishing to watch the action can view the paddlers from any vantage point along the river or at the start/finish line at Rotary Park.

PUBLIC MEETING CONCERNING A PROPOSED OFFICIAL PLAN FOR THE TOWNSHIPS OF ANSON, HINDON & MINDEN

TAKE NOTICE that the Council of the Townships of Anson, Hindon & Minden will hold a public meeting on

SATURDAY, JULY 21st, 1984

between the hours of 1:00 p.m. and 5:00 p.m. in the auditorium of the Minden Community Centre.

The plan is intended to establish a concept of how the Townships will grow and develop over the next five to ten years. In recognition of the social and economic importance of the area's natural resources, a prime objective of the Plan is the promotion of development while conserving the area's natural resources.

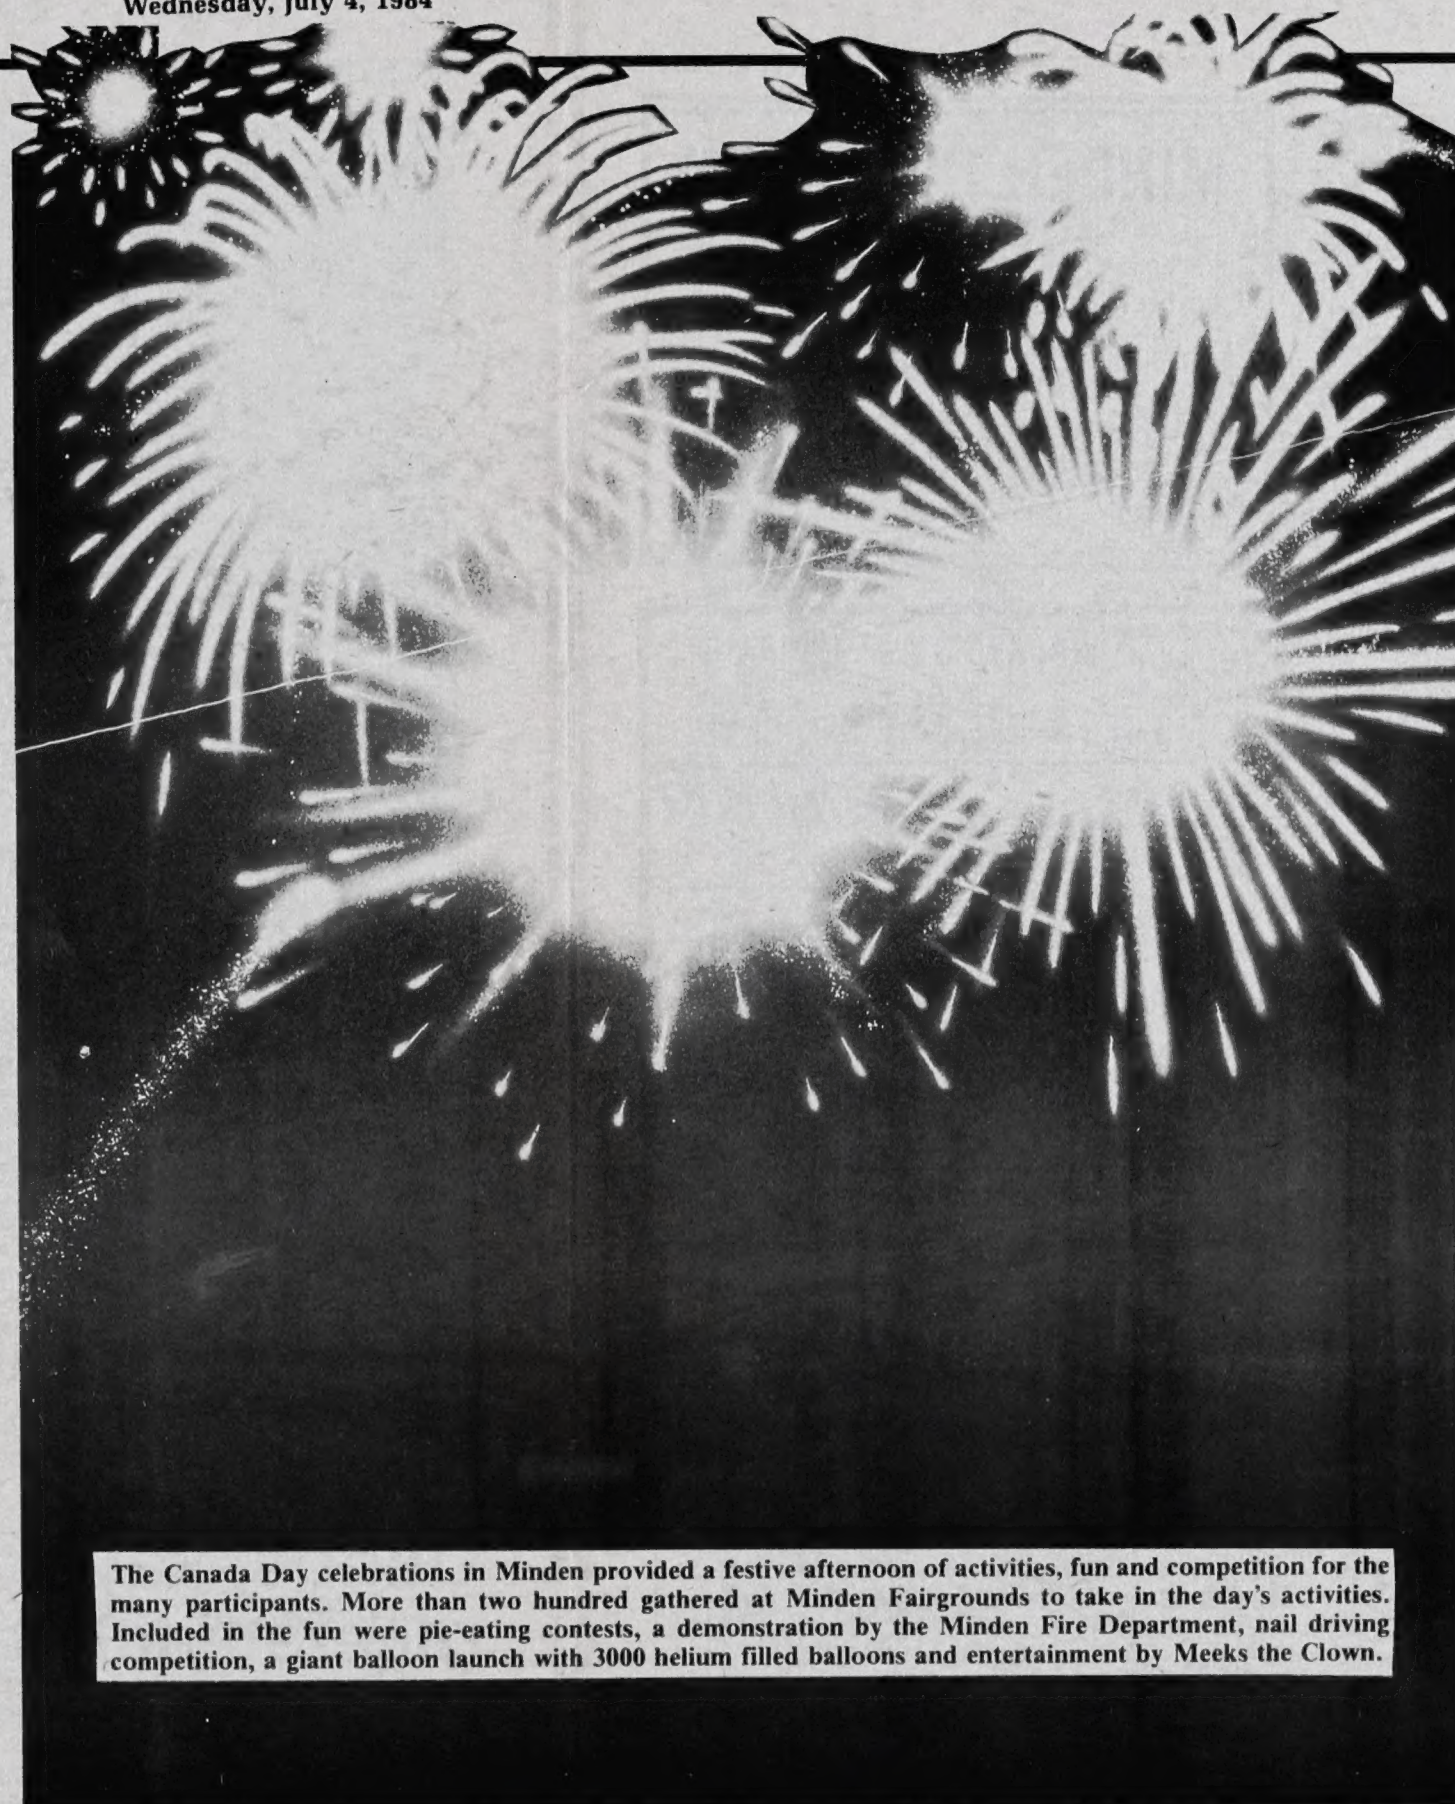

The townships plan is now at the draft stage. If you wish to provide input, now is the time. Please participate in this process so that the Plan may reflect the view of all Township cottagers and residents.

DATED at the TOWNSHIP OF MINDEN this 20th day of June, 1984.

Elinor Burke, A.M.C.T.
Clerk-Treasurer
Townships of Anson, Hindon and Minden

Canada

The Canada Day celebrations in Minden provided a festive afternoon of activities, fun and competition for the many participants. More than two hundred gathered at Minden Fairgrounds to take in the day's activities. Included in the fun were pie-eating contests, a demonstration by the Minden Fire Department, nail driving competition, a giant balloon launch with 3000 helium filled balloons and entertainment by Meeks the Clown.

Day 1984

Just in time for the summer season, Minden's Main Street has received a tarmac topping. Workmen from Fowler Construction of Bracebridge are seen here applying the asphalt to Newcastle Street Friday afternoon.

Council briefs

Items from the June 28 meeting of Anson, Hindon and Minden municipal council.

Beach

The municipal parks department will begin work this week to establish a beach in the Ingoldsby area. The beach will be located next to property owned by the Hill family.

Earlier this year a group of citizens from the community had objected to an application by the Hill family to close a portion of the shore allowance. According to the group, the action would have closed off the only beach access they had to Lake Kashagawigamog.

The council looked into the matter and according to councillor Pat Burk, a suitable location for a beach had been found next to the property in question. She said it was an ideal location as there was a gradual slope to the water providing a safe place for children to swim.

The parks department work will involve the installation of steps to the lake level and the use of nearby property for parking. Burk said the entire development would not be completed this year but that a swimming area should be in place for the summer season.

Shelter

Deputy Reeve Ed Pergolas informed the meeting a shelter would be erected soon on the vacant lot where the Welch building once stood. The shelter will be available to groups holding bake sales and similar activities in the downtown area. He also said that a walkway will be constructed through the

newly seeded grass area to provide access to the parking lot which occupies the rear portion of the lot.

Vote extended

The council has agreed to expand the number of voting members on the municipality's recreation committee. The individual

appointed to the committee to represent the youth of the committee and the individual representing area senior citizens will now be able to vote on the matters before the committee.

Previously the two representatives were appointed in an advisory capacity only.

Fun at West Guilford Canada Day party

The emphasis was on family fun as several hundred people celebrated Canada's birthday in West Guilford. Swimming and diving competitions, a three mile run, a horseshoe pitching tournament and a log sawing contest provided entertainment for participants and spectators alike. A bicycle decorating contest and trivia competition were also included in the day's activities.

Special awards were presented to the

oldest and youngest persons and to the grandparents with the most descendants in attendance. Following a family baseball game in the evening the celebration concluded with a fireworks display.

Victoria-Haliburton MPP John Eakins, shown on the left, enjoys an informal game of horseshoes with Gerald Bain while below, wheelbarrow races are poised ready at the starting line. A mid-course collision however, eliminated half the field to the delight of the many spectators.

Youngster drowns at River Bay dam

A 13 year old youth from Ste. Foy Quebec is dead following an incident July 2 at River Bay dam in McClintock Township.

According to the police, Pierre Boucher was part of a group of campers from Camp Trail Finder on Kawagama Lake. The youngster became separated from a group of campers at meal time and jumped or fell from the dam into the swift water below.

A search for the youth was conducted as soon as he was discovered missing, and the body was found in about three feet of water close to the shore. Attempts at resuscitating the camper failed.

The investigating officers from the Minden detachment were Constable Mike Legge and Corporal Steve Adam. The attending coroner was Dr. D. Jones of Huntsville.

Stabbing

An Oshawa man has been charged with attempted murder following a stabbing incident early Sunday morning near Tory Hill.

Police report that Larry MacDuff of Oshawa had been attending a party at a residence in the Tory Hill area when he received a number of stab wounds to his chest and abdomen. The man was taken to Haliburton Hospital and later transferred to Civic Hospital in Peterborough.

Later the same day police arrested 54 year old Marion Czochra at his apartment in Oshawa and charged him with attempted murder. The accused was taken to Lindsay jail and was expected to appear in court in that community Tuesday

July 3. The incident is being investigated by Constables Bob Pearson and Ken Wesley.

Cruiser kicked

A Haliburton man has been charged with mischief, resisting arrest and assaulting a police officer following an incident June 30 at the Haliburton arena parking lot.

Two officers stopped in the parking lot at about 1:30 a.m. A dance at the Haliburton Curling Club had just ended. A short while later a youth rushed from the building and started to kick the police cruiser. The man was eventually subdued by the officers however further damage was done to the cruiser when the officers arrested the man and attempted to place him inside the police car.

Frank Bird, 17, faces three charges. He was expected to appear in court in Lindsay July 3.

The investigating officers are Constable Glenn Irving and Brad Burkholder.

Car flip

A charge of careless driving has been laid against an Oshawa man following an accident July 1 on Highway 121 near Loon Lake.

Frank Wilson, 24, drove his pickup truck onto the shoulder of the highway. Attempting to regain the road, he veered sharply to the left and the vehicle crossed the road and struck a rock cut.

Damage to the truck was estimated at \$7000. The driver sustained minor injuries.

The incident was investigated by Constable Brad Burkholder.

June 16 was a very special day for Kathleen Irvine, daughter of Jack and Hazel Irvine of Minden, when she wed Herb Buker of Oak Ridges in Coboconk church. Over 150 people attended the reception at Coboconk Legion following the ceremony, with some coming from Newmarket, Bradford and Minden. The happy couple will reside in Minden and we wish them every happiness for the future.

Brad Robinson was up this past weekend visiting his parents Phil and Florence Robinson. They all went to Mr. and Mrs. Jack Shaw's for dinner on Sunday to celebrate the Robinson's 38th wedding anniversary.

Mrs. William King spent part of last week visiting friends in Ottawa.

Mr. and Mrs. Harold Deacon recently attended graduation ceremonies at Queen's University in Kingston to see their daughter Lois receive her Master of Science degree.

Guests this past weekend with Cliff and Jean Lacey were Mike and Carol Langridge and their son Chet of Guelph, Jeanne and Mike Cruikshank of Shelburne visiting and camping at Northern Eagle and Dick and Doris Hubbard from Mississauga.

We were sorry to miss the official opening of the County Town Museum but made a visit later that day. We were very impressed and urge you to visit at the first opportunity. While at the Museum, we crossed over to visit the exhibition of paintings at the Agnes Jamieson Gallery which is absolutely delightful. We bought tickets on a really eye-catching picnic basket complete with wine and crystal glasses so are keeping our fingers crossed when the lucky winner's name is drawn.

Grace Turton tells us she was delighted to have two of her sisters, Mary Wilson from Trenton and Hazel Bateson from Ottawa visiting last week. Glad they had a nice visit.

Winners at Club 35 Card Party Monday night were: high lady Minnie Dawson and Mary Stevenson (showing Alex how it's done); high man - Art Verbaan, most lone hands - John Burns; door prize went to Mildred Mitchell while the other winners were Dean Hodgson, Mary Schad and Jack Weekes.

Stanhope's Fun Day

Committee headed by chairperson Dorothy Finch is making final arrangements for the July 28 fun day.

This year's program, while retaining the previous year's events, will include three new items, a display of quarter horse riding, a rocket display and to open the activities of the day a fancy dress parade.

Winners will be selected from the men's, women's and children's categories of dress.

It is hoped that participants will keep the Bicentennial theme in mind. The fun day will end with the Stanhope Day dance and while it is not optional those attending are encouraged to dress in the Bicentennial theme. Prizes for this event are being arranged.

The art display as staged by the Stanhope Library Committee will be another outstanding feature of the day. This is an attraction that is received with greater appreciation each year.

We are very glad to hear that Chris Precoor is recovering nicely after her recent surgery and that Yvonne Guida is home after a spell in hospital. Get well soon ladies.

Sunday, July 1 - the

To A Poetess

Your words were pictured beautiful,
And, Friend, 'twas mine to note
Of your regret; your sad lament,
You'd never be a poet.

The poetry, Friend, is in the thought,
The verse is just the frame.
Think beautiful, without the verse,
It's poetry just the same.

And, of course, the jingle!
Well that's another thing.
It's one kind of a faculty
To make the poetry sing.

We all are poets, more or less,
Find words to give expression.
Forget the jingle and the verse,
You're poet still in person.

Bill Watson,
R.R. 2, Minden

Adieu Prime Minister

Merci beaucoup Pierre Elliott Trudeau
For all that you have done,
Je ne sais pas what Canada would have done
If you, her native son
Had not been there.
You fought the good fight
With all your might
And accomplished much!
Your charisma and your wit
Did not hurt a whit
Your cause!
I did not always agree
With your philosophy
I admire Ronald Reagan
And I admire you,
Now let us see what Turner will do.
Your career will not be over
In fact it has just begun
Your stalwart sons
Will be of help to you
And Margaret too
Will lend a hand.
And so again I say merci
And good luck in what has yet to be.

Yvonne Guida

second annual Canada Day Picnic sponsored by Anson, Hindon and Minden - was a resounding success. The weather was superb and for those who attended the picnic it was a real fun day. Special mention must be made of the grand job done by Gary Kenney as MC, the Katimavik gang for their assistance, the Canada Day committee who evidently put in a great deal of effort, the magician, and last, but not least, Meeks the Clown who never ceased entertaining both young and old for the entire day. We are really looking forward to next year when we can go again and spend a most pleasant day meeting old and making new friends.

Movies are being shown again at the Agnes Jamieson Library Cultural Centre Friday night from 7:15 to 8:15 p.m. These movies are free, so please come out and enjoy them.

Thursday's Card Party at St. Paul's Parish Hall winners were: for lone hands - Claire Brooks, others - Lil Porter and Tom Aitken.

Mrs. Lorne Dawson of Toronto visited Miss Dora Dawson last week.

Guests with Mr. and Mrs. Milt Sears over the long weekend were the Paul Warburtons of Scarborough, Muriel and Scott Ewing, Sandra and Logan Moss, all of Toronto.

kid's korner

by Jean Lacey

Hi Kids!

Here is another puzzle for you with a word list. Look in the diagram of letters for the words given in the list. Find them by reading up, down, forward, backward and diagonally. They are all in a straight line and do not skip letters. Some have hidden words or sayings, some do not. Circle the words in the diagram and cross it off in the list.

It's as easy as that. Have fun.

Q: How do you start a firefly race?

A: On your mark, get set, glow.

Q: What would you have if all the cars in the nation were pink?

A: A pink car-nation.

Q: What kind of ears do mountains have?

A: Mountaineers.

Q: What do moose do at a concert?

A: Make moosic.

Q: What keys are too big to carry in your pocket?

A: Donkeys, turkeys and monkeys.

by Bert Harrison

Dear readers: How time does fly - by the time you get this letter we will be in the month of July. Some are on the sick list here, others are just fine. Milly Wood had her daughter with her to dine, and I'm sure there are others who come to visit their dads or mothers.

We would like to say a big thank you to Harold and Ruth Thompson, who do their best every Saturday afternoon to conduct a bible study, here at Hyland Crest. They also take the first part of the chapel service in the chapel Sunday night. To Rev. Burgess it is a good help to him. His message this Sunday was taken from Psalms 90, verse 12. "So teach us to number our days, so we may apply our hearts unto wisdom."

Monday we had our last auxiliary meeting of the year. With a pot luck supper to partake, and a piece of Mr. and Mrs. Sidney Brown's 40th anniversary cake. Mr. Brown thanked the auxiliary for all their help in the last year. They sure do a lot for all the residents here.

Lola Prentice said the Prentice reunion turned out fine. About 65 guests took part, they had a real nice time.

Pastor Wood and his wife Joyce from Alsaw Pentecostal Church, conducted a service in the chapel this lovely June day. Pastor Wood to do the speaking, his wife the music to play. He is a dynamic speaker, we enjoyed him very much. His wife on the organ keys, really has the touch.

At our auxiliary meeting Monday night, the minutes of our last meeting were read. We thought the ones conducting it must have level heads.

Watched interesting movies Thursday afternoon instead of Monday night. "Beyond the Grampians", "Home of the Beaver", "The Ride" and "Australia Land of Change".

Congratulations, we would like to say to Ada Lewis and Ina Maguire who had birthdays on Wednesday.

I would like to thank the staff of the Haliburton Echo for the write up of myself. It is nice to know you're doing some good before you're laid upon the shelf. I would like to say, I hope to keep on writing as long as I can sit up and eat three meals a day.

We welcome Violet Thornette to Hyland Crest, we hope she will like it here as she gets acquainted with the rest.

The Gelert ladies served a tasty lunch, this Thursday afternoon. As they washed the dishes, Doris and I played them some lively tunes. We also had birthday parties for those who had birthdays in the month of June, with a lovely birthday

cake. The Gelert ladies got just what it takes.

We are glad to have Edith Welch back with us again, this time we hope to stay. She will get her strength back with each passing day.

Friday afternoon our faithfuls came again. Grace Coburn and Norma Barron. Entertained us royally, their talents with us they share.

This is all we have to say, except please drive carefully on this busy holiday.

'Tis easy enough to be pleasant

When life flows on like a song

But the man worth while

Is the man with a smile

When everything goes dead wrong.

HCHSS News

by Donna Bailey

June 22 was a very busy day here at Home Support. At 10 a.m. 30 volunteers including Executive, Directors, Convenors, Senior Volunteers in Service and interested Seniors gathered to attend a General Meeting in our Drop-In Centre.

You may be interested to know that the Meals on Wheels program served 335 meals and the Wheels to Meals served 250 meals in the month of May alone. Thank you so much convenors and volunteers. You are doing a super job!

Six persons from Haliburton Home Support attended an educational workshop in Peterborough on "How to organize your community to provide home support services". Members of the Institute of Cultural Affairs manned the all day workshop which was sponsored by the Ministry of Community and Social Services. Haliburton County Home Support Services is always made to feel very welcome and introduced as one of the leaders in the field of Home Support Services.

The District Health Council meet here with representatives from various health-oriented services (4 representatives from Home Support) to discuss what is available in our area and to make all aware of them plus the direction the future should take in the way of health care in our area.

Betty Salvatori, a representative from the Guild of Fine Arts Concert Series, spoke to us concerning the forthcoming concerts to be held in Haliburton. It is imperative to sell at least 300 season tickets at \$20.00 for three concerts by the end of the summer to guarantee the artists' appearance. For

more information contact Betty at 457-1046 or Marilyn Stouffer at 489-2395.

A boat trip is tentatively planned for some time in September to the 30,000 islands in Midland. More details will follow.

Our next General Meeting will be held on September 21 at which time we will have as our guest speaker Sharon Chapman-Sheehan, programmer hired by the Peterborough Family Counselling Service to council seniors and their families on problems related to aging. More details concerning our Annual meeting will follow.

After our meeting the Grand Opening of the Drop-In Centre took place with a large number of dignitaries and seniors in attendance.

Last Tuesday the Wheels to Meals at the Wagon Wheel Motel in Minden

celebrated their 3 year anniversary of consecutively serving the area with their delicious food and generous hospitality. A special plaque was presented to the owners on this occasion. Sixty-seven people attended this celebration. Thank you, Mr. and Mrs. Foster and son, Gary, so much for your generosity to us.

This special occasion was very well organized thanks to two hard working ladies: Gloria Lemieux and Georgina Deeks. Remember their next Wheels to Meals will be held every other Tuesday all summer - next one July 11. Call Gloria Lemieux at 286-1139 for reservations.

If we can be of any help to you drop into our office at the Drag River Municipal Office located opposite Emerson Lumber or call us at 457-2941. Have a nice day!

Georgina Deeks presents an appreciation award to Albert and Dora Foster owners of the Wagon Wheel Restaurant on the occasion of the third anniversary of the Wheels to Meals program sponsored by the Haliburton County Home Support Services.

Agnes Jamieson Gallery
Janet McGhee's watercolours are at the Gallery and they are truly a joy to behold. Her love of nature and old buildings shines through her works.

"Summer Solstice", is a painting of early summer flowers, so alive they certainly do bring you to a stop and make you feel you can almost smell them.

"Mist Rising, Dixville Notch". You will find yourself standing on top of the hill looking down into a lovely, misty valley, you'd like to travel into.

Just drop in and enjoy the exhibition. The Gallery is open from 10 a.m. to 5 p.m. Monday through Saturday.

Bobcaygeon Road North
Tel.: 286-3763

P.S.: We still have room for a couple of more people for the stained glass class. Just phone the Gallery.
